## Information About Health Insurance

We want our patients to be informed about all aspects of their care, and health insurance considerations.

We recommend you contact your insurance carrier before your next visit so you can clearly understand your maternity benefits.

These fees include

- Professional fees- fees from your provider
- Facility fees- fees for your hospital stay

We also suggest asking your insurance about coverage for parenting-related classes. Holy Cross Hospital and other community agencies offer many wonderful opportunities for your family to prepare for your new baby.

Before your next visit we will contact your insurance carrier to ascertain the specific details of your maternity benefits.

Upon registering with our receptionist, you will be given a copy of the information we obtained from your insurance carrier, and we will ask you to sign an obstetrical contract.

This contract will explain your financial responsibilities surrounding your care, allowing you to best plan for the remainder of your pregnancy.
